

NGS SOLUTIONS FOR YOUR RESEARCH NEEDS

Amplicon Sequencing

Amplicon-EZ for 150-500 bp
Custom Short-Read
Long-Read up to 20 kb

RNA Sequencing

Standard and Strand-Specific
for mRNA and lncRNA
Small RNA
Ultra-Low Input
Single-Cell Analysis
Isoform Sequencing

Whole Genome Sequencing

Short- and Long-Read
Haplotype Phasing on 10x Genomics®

Targeted Sequencing

Whole Exome
Cancer & Custom Gene Panels
CRISPR Validation Assay

Clinical Sequencing

CLIA Whole Genome
CLIA Whole Exome
RUO Assays in CLIA Environment

Epigenomics

Whole Genome Bisulfite Seq
Methylome Seq on PacBio®
ATAC-Seq
ChIP-Seq

Immunogenomics

Bulk and Single-Cell Immune
Repertoire Profiling

Metagenomics

Whole Genome Metagenomics
16S Assay for Bacterial ID
ITS2 Assay for Fungal ID

CONTACT GENEWIZ

ngs.europe@genewiz.com
genewiz.com   

Germany: +49 (0)341 520 122-41
United Kingdom: +44 (0)1279 873 837
France: 0811 230001
Rest of Europe: +49 (0)341 520 122-41

At GENEWIZ, we combine the resources of a leading global NGS provider with the benefits of a local laboratory. Our European Headquarters, hosting a state-of-the-art facility in Leipzig, Germany, provides convenience and speed to customers across the continent.

THE GENEWIZ DIFFERENCE

- ✓ **Flexible data amounts**
starting at 10M read pairs
- ✓ **Optimized data quality**
that far exceeds manufacturer's benchmarks
- ✓ **Industry-leading turnaround time**
as fast as 1 week
- ✓ **Highly scalable** –
submit one sample or as many as hundreds

QUALITY THROUGH EVERY STEP

1. Design

Free consultations from expert scientists

2. Extraction

Many sample types accepted

3. Library Prep

Automated processes improve reproducibility

4. Sequencing

Latest platforms and technologies

5. Bioinformatics

Customizable offerings

FLEXIBLE SERVICE PACKAGES

SAVINGS

SPEED

Value

Come in under budget with our most economical pricing

Preferred

Get fast results without breaking the bank

Express

Meet tight deadlines with the fastest guaranteed on-time delivery

PLATFORMS
